

We are pleased to provide the Kapnick Strive on-site biometric health screenings again this year to all benefits-eligible Eversight employees.

This offering enables you to:

- Know your numbers
- Manage your existing health
- Improve on areas that demonstrate future risk

In addition to offering this program to you at no charge, we will again provide an incentive for meeting the qualifying criteria and improving your health over time.

After completing your health screening, you will receive a health report containing your biometric measurements to give you an objective view of your health risks and link those risk factors to your lifestyle choices.

The information obtained is strictly confidential and will not be shared with anyone at Kapnick Insurance Group or your employer.
