

Wellbeing at Work

February 2026

Heart Health Made Simple

Heart health isn't about intense overhauls—it's about simple habits practiced consistently. Adding colorful produce, choosing fiber-rich meals, reducing stress, moving regularly, and drinking water can dramatically reduce heart disease risk. Whether you're active all day or sitting for long stretches, these small choices support long-term heart function and energy levels.

Try This Today

Add one fiber-rich food to your lunch today.

Foods rich in fiber are primarily plant-based, including whole grains, legumes (beans, lentils, peas), fruits, vegetables, nuts, and seeds.

This Month's Events

Healthy Brain Challenge

February 2 -February 27, 2026

Join the challenge to track physical activity and take a virtual road trip from Chicago, IL to Santa Monica, CA!
